

OVERVIEW

The Title I, Part A Parental Involvement Program strives to empower parents and Title I schools to form partnerships and provide resources that will help improve the involvement of parents and increase student academic achievement. Furthermore, the Title I Parental Involvement Program works closely with the 5 Regional Area Offices, the Alternative and Charter Schools and Title I campuses for updates and compliance issues of the No Child Left Behind Act of 2001 as it relates to parents' rights and local school requirements.

There are several notifications that should be sent to parents to comply with NCLB. The Parent Notifications Section is provided to each Title I campus to assist you in meeting the Title I local school requirements and to provide relevant information on parental involvement requirements.

If you have any questions or concerns, please contact the Department of External Funding or you may contact Audrey N. Sanders, Supervisor of the Title I, Part A Parental Involvement Program at 713-556-6928 or by email at asander1@houstonisd.org.
